"The Club shall be operated in the interests of past and present owners and riders of Brough Superior and W. E. Brough machines to foster the preservation and use of these machines."

MEMBERSHIP APPLICATION FORM 2026

Membership is open to anyone interested in Broughs. Family Members are welcome for a small extra fee.

A monthly Newsletter is published in paper form and available online at a reduced Membership fee. It contains technical, historical and other articles, Club events, other news and Advertisements free of charge to Members. A charge of £40 will be made after four inserts in one calendar year. The Editor always welcomes hints such as 'Where to get it done' and 'Where to buy' for publication.

The Club's main event is the Annual Rally held during August. Local rallies and social meetings are held throughout the year. The Club is run by a Committee, appointed at the A.G.M.

A Spares Scheme, operated by the associated company Brough Superior Club (Spares and Events) Ltd., is for most cycle parts, castings and spares for JAP and Matchless engines. The Club has a large range of Miscellanea items. Up-to-date lists are available from Mike Smith at *(mikesmithbsc@hotmail.com)* and the current list is supplied in the welcome pack. It is published annually and sent out with the Club Newsletter .

The Club has a loan scheme to borrow the Tate Brough—a 1937 MX80—for two months or more for Members who have been in the Club for a year or more. It is M.O.T.'d to ensure that it is fit for the road. The low charge made is for maintenance and includes insurance cover. It can only be ridden within the United Kingdom. To apply, contact either Howard Wilcox and Terry Hobden.

A copy of the original works record card for the majority of Broughs built is available to Members free of charge if done electronically. Please quote frame, engine and registration numbers and apply to the Machine Registrar. A photograph of the frame and engine number including their numbers will be required. Other information may also be requested.
